Dear Purushottama

Sub: Series of program proposed by you in this calendar year ... reg

At the outset, I appreciate your zeal and enthusiasm to foster and promote welfare of the community from our Vedic Traditions. As I understood your requirements, during our elaborate discussions spread over many months/ years, I am writing this recommendations. You are free to adopt them.

1. Memphis Organisation, will need a formal association with an India based educational/ charitable/ religious/ educational institution. In this regard: we have identified an organisation, to exchange and compliment each other's capacities.
 - a. India based Organisation will have expertise in Man Power Augmentation, Training;
 - b. Carrying out Educational, Cultural and Charity events
 - c. The material/ content prepared by the Indian Organisation with their decades' long efforts would be available to the collaborators. Further, the Education Group would strive to prepare books/ content for the collaborating institution for its proposed publications both online and offline.
 - d. In turn, they expect support for their School and Scholarship for their students pursuing higher students from the collaborating institutions/ charitable donors.
 - e. A MoU might be entered upon, to formalise this relationship after the successful completion of first series of programs.

2. As the first in the series of events proposed across the world, the following arrangements shall be coordinated by the India based organisation.
 - a. Two Veda Scholars shall render service for 4 months, from 20th June to 20th October 2018. Each scholar gets Sambhavana of Rs.3,00,000 shall be paid. Roughly this works out to be less than 17,000/- per week (18 Weeks)
 - b. Nine Scholars are required to render service for about 40 days. (10 September - 20th October 2018). In this group, each scholar shall get a Sambhavana of 1,00,000. This works out to be less than 17,000/- per week.
